AER80CCTK, AER110CCTK CleanCover™ Fan with Selectable CCT LED Light

Match your light to your mood or bathroom lighting

The Broan® RoomSide Series with Color Control Ventilation Fan featuring a Selectable CCT LED Light offers adjustable color temperature that allows you to control the mood of your space. From a warm 3000K LED to a crisp 5000K LED, you can match your vanity lights or create the look you desire – adjustability is right at your fingertips.

The CleanCover™ Grille clears the air with a low-profile, streamlined design. Designed for retrofit, remodel or replacement, this fan features hassle-free installation from the room side, for spaces with no attic access. The SnapFit Flange Kit, EzDuct™ Connector and FoldAway™ Mounting Ears make the fan flexible to almost any installation challenge.

COME HOME TO FRESH AIR

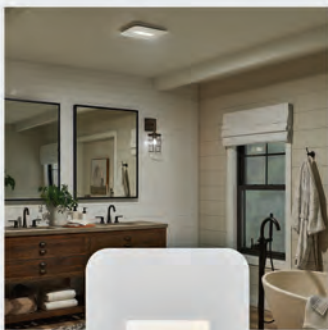

RoomSideSeries with ColorControl

Match your light to your mood or your current bathroom lighting

- Adjust light using the currently installed wall switch. No added controls needed.
- To select your perfect light temperature, from the Off position, simply flip the switch On-Off-On – within two seconds. Each on-off-on cycle will rotate through your chosen temperature. The light will remember your most recent setting.
- Modern CleanCover™ Grille is easy to maintain.
- Quiet operation at less than 1.0 Sone.
- Convenient, efficient RoomSide installation.

Select from four of the most common light temperatures:

3000K

WARM WHITE LIGHT

Accentuates rich colors and dark wood tones

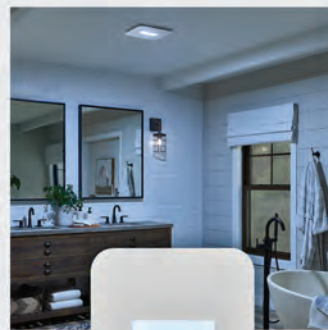

3500K

SOFT WHITE LIGHT

Convenient to daily life

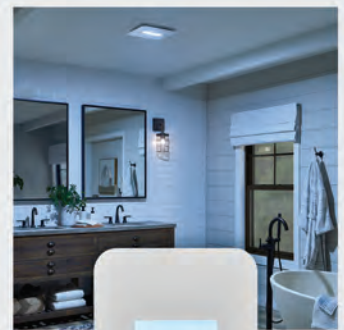

4000K

DAYLIGHT

Accentuates lighter colors

5000K

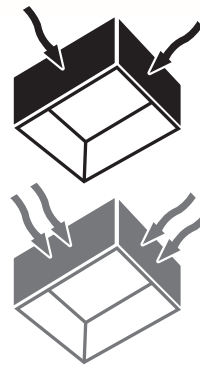

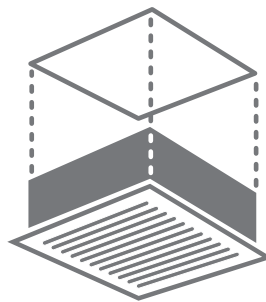

BRIGHT WHITE

Bright and fresh

RoomSide Series for easy installation

Retrofit installations can be done entirely from the room side – no attic access required. This means faster, easier installation – even for the most novice Do-It-Yourselfer.

No attic access required.
